

Rim Rock Trail Tour

October 7th 2015

Join us as we celebrate *Oak-tober* with a guided tour along the Rim Rock Trail. During the month of October the Shawnee National Forest along with several other agencies and organizations throughout Illinois will be celebrating the oak tree with a variety of events and programs.

With over 30 species of oak found in southern Illinois alone, there's no better place to appreciate *Oaktober* than a walk in the woods.

Join our botanists on a guided hike along the Rim Rock Trail where you will learn about the life of these majestic trees and the role they play in a healthy ecosystem.

Where: Rim Rock Trail Parking Lot (south of Harrisburg, IL)

Date: October 7, 2015 (Wednesday)

Time: 2:00 pm - 5:00 pm

Possible items to bring water, snack, walking shoes/boots and camera.
